

EDHS / TEAM USA

Pool Service Fundraiser

TEAM USA POOLS is owned and operated by a former local high school (El Dorado), collegiate (Cal Berkeley), and national (US Olympic Water Polo) athlete. We are aware of the great benefits that activities such as band and colorguard provide for all participants; they are a great stepping stone to later success in both life and business, and we would like to give back!

We are currently looking to expand our service in the North Orange County area. For every new pool customer that begins service with us, we will donate \$150 to the El Dorado Band and Colorguard program. We are one of the best services in the entire area and can furnish over 40 references if needed.

We will meet any existing price that you are currently paying.
Simply give us a call to start service!
