Help-A-Hawk Sponsorship Program

Dear Friends, Family and Community Partners,

I am writing to you on behalf of the award-winning El Dorado High School Golden Hawks Band and Colorguard located in Placentia, CA. This organization is the largest student organization on campus, with over 150 students that perform and compete in the Marching Band and Colorguard program, as well as other programs during the year such as Jazz Ensembles, Concert Bands, WinterGuard, and Winter Drum Line. The program has developed a rich tradition of excellence over the past 39 years that we strive to continue.

Hard work and dedication of the students and parents is what makes the Golden Hawk Band and Colorguard successful. The value of our program is found in the impact it has on both individual students and the community by providing:

- A place to belong, thereby building loyalty to the school, and enhancing student interest in higher learning and greater personal achievement.
- An opportunity to learn discipline, personal responsibility, accountability and teamwork, and to be a part of something bigger than oneself.
- A way to contribute to school and community pride, promoting a positive representation for the local area.

Despite budget cut-backs and increasing costs, the Band and Colorguard have continued to compete locally and regionally. This year, our Golden Hawks will perform in over 40 events that include field shows, parades, festivals, exhibitions, and seasonal concert performances. El Dorado Band Boosters, Inc. is the non-profit 501(C)(3) booster organization that maintains and manages the financial obligations and fundraising efforts for the Golden Hawk Band and Colorguard. The Boosters help to raise the funds that are necessary to provide instructors and coaches, transportation, instruments and equipment, costumes and uniforms, music, field show designs, and competition entry fees, as well as a long list of other items necessary for a successful program. In addition to our group fundraising efforts, each family pledges to contribute their fair share donation to assist in maintaining the quality Band and Colorguard program that we have at El Dorado.

The program is completely dependent upon these donations from parents, family, friends and community partners, as well as our own fundraising efforts. To help our families reach their personal fair share fundraising goal, we are asking you to partner with us and "Help-A-Hawk." Would you please consider contributing to the success of our program this year?

Sincerely,

Paul Clifford

President – El Dorado Band Boosters
